Check the box when you spot one

Rockhopper

King Penguin

A Cool Penguin Home

The air and water are kept at about 45 degrees F. That's **COLD!**

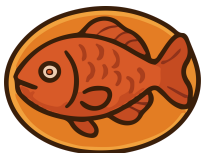

Why do you think penguins need a big pool?

The pool holds about 25,000 GALLONS of water!

Penguin Care

Animal care professionals do more than feed They WATCH and learn!

Is it eating?

How is it behaving?

Does it seem healthy?

Why is it important to watch each penguin?

Penguin Explorer

Penguin Words

Habitat—The place where an animal lives

Species—A type or kind of animal

Colony—A group of penguins

Adaptation—Something that helps an animal live and survive

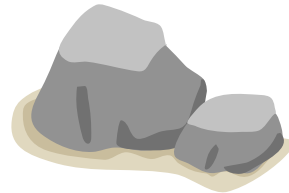

Design a Penguin Home!

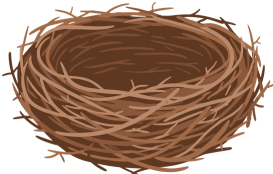

Draw a habitat that has...

Water for
swimming

A place
for rest

A nesting
area

A safe way into
the water
