First Step Español

Teacher Guide
Introduction

First Step, Next Step and Another Step in three world languages

10 fifteen-minute lessons in each series  (three different levels that must be used in sequence: First, Next and then Another)

The goal of the STEP series is to provide students with an exciting and positive first experience with a world language and its culture.

Produced in French, Spanish and German, the STEP series is communication based using a thematic center that allows a balance among the basic goals of culture, subject content and language use. The content-based approach draws from and reinforces the goals of the general elementary school curriculum. Learning occurs in meaningful, communication contexts that carry significance to the student. Culture is integrated into all the learning.

Students hear the language spoken then they begin to speak the language. Comprehension is emphasized rather than speaking at the beginning stages of the series, shadowing the process of first-language acquisition. Grammar is presented in context for usage rather than analysis.

In keeping with elementary foreign language standards, target language instruction is consistently conducted in the target language. The learner’s native language is used sometimes for instructions, directions or connectivity. This allows the learners to be active constructors of meaning rather than just passive learners.

Each of the fifteen-minute lessons include several segments:

- the storyline of the visitor from the native country who is teaching his/her native language to some young neighbors
- songs which review vocabulary
- visits to actual places in the storyline
- classroom scene with children using the language
- graphics
- repetition/review sequences
**AGAIN lessons – Review lessons for each main lesson**

10 nine to fifteen-minute lessons in each series

In addition to the main STEP lessons, there is a review lesson for each STEP lesson, which are entitled AGAINS. For example, Lesson 2 in First Step Espanol is Welcome to My House. The follow-up/review lesson, which is presented by a foreign language teacher, is entitled First Step Espanol AGAIN – Welcome to My House. The AGAIN lessons are between 9 and 15 minutes in duration. It is recommended that teachers use the initial main lesson and then follow it with the review lesson for the entire series.

**NOTE:** These series MUST be used in sequence for continuity of instruction.

First Step comes first, then Next Step, then Another Step in all three languages.

Lesson order should also be used in sequence.

In addition, it is recommended that the AGAIN lessons be used also for the most effective usage of these resources.

Culture

Spanish is the major language in 20 different countries around the world. Español began in Spain (España). Señora Carnes is from South America (Sudamérica). In Central and South America, Spanish is spoken in the Caribbean (El Caribe), Cuba, Puerto Rico, the Dominican Republic, Guatemala, Honduras, El Salvador, Nicaragua, Costa Rica, Panama, Venezuela, Colombia, Ecuador, Peru, Bolivia, Chile, Argentina, Paraguay, Uruguay, and Mexico.

Names in Spanish-speaking countries are different from names in English-speaking countries.

Friends in Spanish-speaking countries usually greet each other by kissing each other on the cheek.

Information for Teachers

1. The letter h, as in Hola, is always silent

2. The names of languages, such as español, are not capitalized except at the beginning of a sentence.

3. Masculine nouns usually end with an -o and is preceded by the definite article el (the). Los is the definite article use with plural masculine nouns.

4. Feminine nouns usually end with an -a and is preceded by the definite article la (the). Las is the definite article use with plural feminine nouns

5. There is a formal and a familiar expression when using the word “you”. The formal “you” is “usted” and is used when addressing older people and people who are in authority as a sign of respect. Students should use this with teachers.

6. The familiar “you” is “tú” and is used when addressing family members, friends and colleagues. Students should use this with each other.

7. The letter ll, as in me llamo, has the sound of y in English, such as in yes and you.

8. A special punctuation is used at the beginning of a question (¿ or upside down question mark) or exclamation (! or upside down exclamation mark) along with the regular mark at the end of the question or exclamation.
Before Viewing the Video Lesson

1. Remind the students that they will not understand everything that is said on the video lesson and that this is not important because they are being immersed in the language. Hearing the language being used is very important and that only certain words and phrases will be learned from the program. Today’s program introduces Señora Carnes and the neighborhood children who are leaning Spanish.

2. Role play an introductory situation in English with your students. “Hello, my name is ________. What is your name? My name is _________. Nice to meet you______. How are you? Very well, thank you. Good bye”. Explain that the children on the program and your students will learn introductions, greeting and family names from today’s program. Tell them to watch for these words.

3. Listen to the audiocassette tape of lesson 1 vocabulary words. Explain that some of these are the same words they used in activity #3. Encourage students to use the words in new situations. You may choose to give the students a copy of this lesson’s vocabulary words found at the back of the teacher’s guide.

Description of the Video Lesson (For teachers)

At a neighborhood party some children ask Axa Carnes to teach them Spanish. She agrees and tells them to come to her house the next day to start. When they arrive she speaks only Spanish to them.

Señora Carnes tells them her family lives in Ecuador on the continent of South America. It is a very small country on the Pacific Ocean.

As she shows them pictures of her family (la familia), she tells them who the people are and teaches the words for family members. Her mother (la mamá) and father (el papá) are in her wedding picture. Her two sisters (las hermanas) are in a picture with her at her sister’s wedding. She and one sister are Señoras because they are married but the other sister is a Señorita because she is not married. She also has one brother (el hermano) who is a Señor. She asks the children if they have brothers or sisters. There is also a picture of her grandmother (la abuela) and grandfather (el abuelo) at their wedding.

Kevin says he is Señor Kevin. Señora Carnes explains that a señor is big and that Kevin is a boy (el niño). Grayson and Biaca are girls (las niñas).
Review Sequence  la niña, el niño, la mamá, el papá, la abuela, el abuelo,

señora, señorita, señora...el hermano/los hermanos,

la hermana/ las hermanas, la hermana, el hermano/los hermanos

Señora Carnes is bringing cookies for the children and Grayson asks what you say if you are meeting someone for the first time. They do an introduction and greeting sequence. Hello, my name is Axa Carnes (Hola, Me llamo Axa Carnes), what is your name (¿Cómo te llamas?). My name is Grayson (Me llamo Grayson). Nice to meet you (Mucho gusto). She kisses her on the cheek as part of the greeting. She greets the other two children and then asks Bianca, How are you? (¿Cómo estás?) - Very well (muy bien), So so (Así, así) or Not well (Mal). All of the children respond. Kevin is not well (Mal) because he is hungry and wants some cookies.

Song  Buenos Días, Buenos Días, Buenos Días

Review  ¿Como te llamas?  Mucho gusto, Me llamo

Señora Carnes offers the children cookies. They learn please (por favor), yes, please (sí, por favor), thank you (gracias), excuse me (permiso/perdón) as they eat cookies.

Song  por favor         permiso         perdón         gracias

Señora Carnes tells them it is time to leave and they all say good bye (Hasta Luego).

Follow-up Activities

1. Use the First Step Español Again video lesson to review the emphasized vocabulary and conversations.

2. Review vocabulary words related to the family. Ask each student to draw a picture of his/her family and label the family members: el papá, la mamá, el hermano, la hermana, el abuelo, la abuela.

3. Review Señor, Señora, Señorita, el niño, la niña. Show pictures of each and let students tell which word is correct.
4. Do role play situations of greeting and introductions. This could be done in a round robin/circle type game. Do the same with “How are you?” and appropriate responses.
5. Review por favor, sí, por favor, perdón, permiso, gracias. Which would be appropriate to use in short role play situations.
6. After these follow-up activities, let students view the video lesson again so they can respond and practice with the children on the lesson.

Supplemental Activities

1. Let students create a short skit using greetings, introductions, questions about health, and polite words. Invite another class to watch the skit. If they are not studying Spanish in their class, let your students teach those students how to greet and introduce each other. (Remember, avoid mixing English with target language.)

2. Make a suitcase type folder from construction paper or a center cut manila file folder. Write First Step Español on the suitcase like that on the series opening logo. Do luggage type name tags for student names. Keep copies of students’ work in this suitcase.

3. Do a tally number chart on brothers and sisters (los hermanos / las hermanas).

4. Let each child create a collage of family members and words. Ask them to bring in small pictures that can be duplicated on the copier. Copy one page of pictures per child by overlapping pictures. Let the child cut out the pictures and arrange them on a piece of construction paper with already written copies of family words. Let students take turns presenting their families to the class, speaking Spanish.

5. Discuss the custom of kissing on the cheek in greeting. What other types of physical contact do people do when greeting each other? Talk about the differences within the United States: Eskimos, Hispanics, Native Americans, etc.

6. Señora Carnes is from Ecuador. Find Ecuador on a map of South America. Read about this country and find interesting facts about it to share. (For example: Ecuador is the size of Colorado.)

7. Draw a family tree and label each family member with the appropriate Spanish name. Follow up with an activity that uses words in context. “This is my sister…”, “her name is…”, “she is …”
Remember to use the vocabulary words in context as much as possible in class during the next week. This should be especially easy since there are words of greetings and introductions, questions and answers about how are you, and polite words.
Lesson 2

Welcome to My Home

Objectives

1. To learn the names of rooms in a house

2. To learn names of pieces of furniture and in what room they would be placed

3. To begin learning color names

4. To learn number words and to count from 1 to 10

Information for the Teacher

Primary grade students often count things to learn numbers. Try to vary this by not always teaching the Spanish words for numbers in a sequential list. Count from 1 to 10, but also count by twos. Show different numbers of things and ask how many. Ask for missing numbers. When you need a certain number of students or things, use the Spanish word instead of the English word. Display the Spanish number words around the room just as you do the English number words. Have students give their phone numbers after they have mastered the numbers.

Before Viewing the Video Lesson

1. Review the vocabulary words from lesson 1.

2. Draw a simple house plan on a piece of poster board. Include the following rooms in the house: living room, dining room, kitchen, bedroom, bathroom, garage. Do not label the rooms but paste or draw pictures of appropriate room furniture in the rooms. Guess what each room is using the furniture in the room as clues.

3. Make cards of other pieces of furniture that can be placed in the rooms. Continue the game with these cards. Tell the students that in today’s lesson they will learn about different rooms in a house and the names of pieces of furniture and where they are located in a house.

4. Tell the students that in today’s lesson they will learn to count from 1 to 10 and will learn the colors - white, black, gray, brown, blue, pink.

Description of the Video Lesson

The children are again visiting with Señora Carnes and learning about rooms in a house and the furniture in those rooms. She shows them pictures of rooms in a house and then they play a game with toy furniture and a large house plan. She gives each an item that is appropriate for a particular room and they take it to that room and sit there. She then asks them questions about where each of the children are located in the house.

Visit to the Furniture Store

The children help Señora Carnes arrange furniture then she again shows the pictures and asks questions about the number of furniture items in each room.

Señora Carnes shows the children samples of carpet and they learn the colors...blanco, negro, gris, azul, café, rosado

They play another game by choosing a piece of furniture and telling what it is and where it should go in the doll house.  la cama - el dormitorio, la mesa - la cocina, la silla - la cocina, el inodoro - el baño

Song  la casa - la sala, la cocina, el dormitorio, el garaje;  la sala - la silla,

In a classroom one child pretends to do an activity and the group of children tell in what room that activity would take place.

la casa
el dormitorio
la lámpara
la silla
Follow-up Activities

1. Use the First Step Español Again video lesson to review the emphasized vocabulary.
2. Review vocabulary words related to the house. Ask each student to draw a floor plan of his/her house and label the rooms in Spanish - la sala, la cocina, el dormitorio, el comedor, el baño, el garaje. After practice, encourage students to use the expression “This is the ________in my house.”
3. Review vocabulary words related to furniture. Ask each student to draw a picture of one room in a house and include the appropriate furniture. Label the furniture with the Spanish name.
4. Count and then show different numbers of things from 1 to 10 and ask for the number. Let the students count off from 1 to 10 and then call out a number and everyone with those numbers has to race to an established base. Practice counting out of sequence and use addition, subtraction, and multiplication, depending on grade level.
5. Review color words. Put labels with these words on things in the room that are these colors. Play a game with the colors by asking everyone wearing a specific color to stand up. Practice colors with objects that they are describing.
6. Ask students to cut a certain number or color of tables, cars, etc. from a magazine. Each student could look for a different combination of colors, numbers and items. The pictures could be glued on construction paper and labeled with the correct vocabulary words.
7. After these follow-up activities, let students view the video lesson again so they can respond and practice with the children on the lesson.

Supplemental Activities

1. Ask the art teacher to show the use of colors utilized by Hispanic painters.
2. Draw house plans with different rooms labeled. See who can be the most creative with their designs. Label all the rooms and furniture in Spanish.
3. Play “What is it” games with rooms and furniture? ¿Qué es? (What is this?) If plural, ask ¿Qué son? (What are these?) The students would answer Es ____ (It is ____) or Son ____ (They are ____). Use pictures of rooms and furniture, or use a dollhouse and furniture.
4. Play similar games as was done in the lesson where a student pretends to do an activity that would take place in a particular room and let other students guess which room.
Remember to use the vocabulary words in context as much as possible in class during the next week. This should be especially easy with the number and color words. Add work to the First Step Español suitcase folders.

In this lesson Señora Carnes shares native Ecuadorian meals with the children. Because she is from Ecuador, fruit and yuca root plays an important part in the meals.

The morning meal consists of milk, coffee with lots of sugar, toast, margarine, farmer’s cheese, and fresh fruit juice. The midday meal has a vegetable soup, yellow rice with chicken stew, avocado, and pineapple juice. The evening meal consists of white rice with bean stew, stir fried beef and plantain fritter with milk.

Information for the Teacher

Spanish nouns have a gender and therefore the definite article associated with the noun is either masculine or feminine. The article is taught as part of the noun.

Many of the colors also have a masculine and feminine form, therefore the gender of the noun and the color have to agree. For example: the apple is red (la manzana es roja) and the tomato is red (el tomate es rojo). In English the closest comparison would be with the agreement between masculine and feminine names with pronouns - he/she, him/her, his/hers.

Before Viewing the Video Lesson

1. Review previous vocabulary especially numbers since items at the grocery store will be counted.

2. Tell students that in today’s lesson they will learn more colors. Review the other colors learned in the last lesson. What other colors do the students think will be included?

3. If the students were to go to the grocery store on their way home from school, what would they see? In this lesson the students will learn the names of some fruits and vegetables.

Description of the Video Lesson

Señora Carnes is returning from the grocery store as the children arrive. As she unloads the groceries she discussed the food and does activities to teach the names of the foods and their colors, She introduces the banana (la banana), apple (la manzana), grapes (las uvas) as she asks whether or not they will float. Then she asks which fruit the children want to eat.
Counting apples      Los números ...las manzanas

What color is the ...? She teaches the children yellow (amarillo), red (rojo), green (verde), orange (anaranjado), purple (morado).

Song             Las manzanas

They continue discussing the color of fruits by asking questions.

At the grocery store   Introduce vegetables and other foods

A clock indicates meal times and at 7:30 a.m. Señora Carnes gives the children breakfast foods which consists of a very small amount of coffee (el café) with lots of sugar (el azúcar), bread or toast (el pan) with butter (la mantequilla) and marmalade (la mermelada) or cheese (el queso), and orange juice (el jugo de naranja) and at 1:00 p.m. a main meal with soup made with vegetable (las legumbres) and yuca (la yuca) as the first course, pineapple juice (el jugo de piña) is served with the second course of chicken (el pollo), rice (el arroz), and avocado (el aguacate).

Song          Las legumbres

At 7:00 p.m. for the evening meal Señora Carnes fixes white rice (el arroz blanco), beans (los frijoles), beef (la carne), and plantain (el plátano) with milk (la leche) and coffee (el café) to drink.

la manzana

la leche

Follow-up Activities

1. Use the First Step Español Again video lesson to review the emphasized vocabulary.

2. Review vocabulary words related to color from this lesson and lesson two. Use color circles like were used in the lesson to name colors. Add labels to things in the room for these colors. Avoid using words in isolation.

3. Review names of fruits and vegetables. Use color circles to tell what color these fruits and vegetables are. Take the week’s lunch menu and replace the names of any known Spanish words for the fruits and vegetables offered at lunch.
4. Discuss the meals as shown in the program. How are they like the meals served in the students’ homes and how are they different? What would the students have expected as a “typical” Spanish meal? Many students are familiar with Mexican foods and may think all Spanish-speaking people eat this way. Avoid mixing languages.

5. After these follow-up activities, let students view the video lesson again so they can respond and practice with the children on the lesson.

Supplemental Activities

1. Do the fruit floats game that was used in the program. This would be a good time to discuss why some things float and some do not. Why would these types of fruits float? Are the students surprised at any of the things that float and the things that do not float?

2. A Gouin series is an activity used by foreign language teachers where all steps in an activity are given in order. Señora Carnes did this when she made orange juice. Review the section of the video where Señora Carnes motioned for a drink, took an orange, sliced the orange, squeezed the orange, poured the juice into a glass, and drank it.

3. Continue the art activity begun last week using the new colors today.

4. If possible serve some of the dishes shown as part of these meals. Maybe your room parents would be willing to prepare a typical meal and serve it to your class. Instead of the meal, a tasting party would be fun. Ask each student to bring some-thing that they think is traditionally a food in a Spanish-speaking country. Another alternative is to cook a traditional dish at school using a slow cooker with students bringing the ingredients.

5. Students may be surprised to find that different countries have different kinds of traditional foods. Let your students research the traditional foods of different Spanish-speaking countries. Why do they think there would be differences? Would the climate and geographical location of the country play any role in the types of foods eaten? Are specific foods associated with certain holidays?

Remember to use the vocabulary words in context as much as possible in class during the next week. This should be especially easy since these are words related to foods and colors. Add to the First Step Español suitcase folders.

Before Viewing the Video Lesson

1. Review colors and numbers since they will again be used in the lesson.

2. If your students would go to the doctor for a check-up what would the doctor examine? Tell the students that today’s lesson will include a trip to a doctor and an accident.

3. You could sing and play the Hokie Pokie game to call attention to body parts (use those from the vocabulary list).

Description of the Video Lesson

Anna comes in and has her arm in a sling and Band-Aids on her head as the result of a bicycle accident. The other children have been drawing pictures of Señora Carnes and themselves. They talk about their faces and the color of their hair and eyes.

Review  Los Colores

While in the kitchen having a snack, they talk about the senses and which body part is used for each sense (eyes, ears, nose, mouth and hands). They use the words for the facial features, hands and the senses to answer questions.

Song  los ojos, la nariz, la boca, las orejas, el pelo

Señor Carnes comes in with their daughter, Lauren, who stays with her mother while he goes to make a telephone call. Anna says her arm hurts. The children play doctor and nurse, give medicine, put on Band-Aids and wraps, etc.

Review of counting bicycle race pictures

Señora Carnes shows them silly pictures of people with one eye, three legs, four arms, two mouths, etc. They laugh at the pictures and tell how many of each are in the picture and how many there should be. She then shows a picture of Lauren and the children say Lauren has two eyes, one nose, and one mouth. Señora Carnes says “this baby is perfect!”

Review el hombre, la mujer, el niño, la niña, la bebé

la cabeza la mano la nariz

la boca el pie la oreja

Follow-up Activities

1. Use the First Step Español Again video lesson to review the emphasized vocabulary.
2. Review the number and color words as was done in the lesson.
3. In the lesson Anna was hurt in a bicycle accident. What was hurt? Review the vocabulary for body parts.
4. Using a drawing of a person, label body parts. You could use one bigger drawing and do this as a class activity with students putting cards with the vocabulary words on them next to each body part. Each student could have a drawing of a body and they could write the word for the proper body part on it.
5. Show pictures of a man, a woman, a boy, a girl, and a baby. Let students match the words and the pictures.
6. After these follow-up activities, let students view the video lesson again so they can respond and practice with the children on the lesson.

Supplemental Activities

1. Do a graph of the hair colors and the colors of your students. Use the Spanish words for the colors and count the numbers in Spanish.
2. In the lesson Señora Carnes and the students did an activity related to body parts. Let a student pantomime an activity that involves part of the body (such as brush teeth, wash hands) and the other students give the Spanish name for the part of the body involved.

3. Let the students draw pictures of people and then label them using the vocabulary words for man, woman, boy, girl or baby. This could also be done as a collage of people cut from a magazine with each labeled.

4. Draw silly pictures of people with one eye, three legs, four arms, two mouths. etc. like they did in the program. Give each student a piece of paper with three of four parts of the body listed on it with an arbitrary number for each. (Use Spanish words for numbers and body parts.) They are to draw their picture using these numbers. Share the pictures with the class.

5. Do a Simon Says type game using the parts of the body. Tóquense las orejas (Touch the ears). Say the words without doing the action and see if the students can correctly touch the correct part of the body. Give students a chance to be the teacher.

**Remember to use the vocabulary words in context as much as possible in class during the next week. Use other vocabulary words from previous lessons. When you remind students to raise their hand, say La mano, etc. Continue to add to the First Step Español suitcase folder.**
Lesson 5

Shopping at the Department Store

Objectives

1. To learn words for articles of clothing
2. To relate the article of clothing to the part of the body on which it is worn
3. To learn about the types of clothing worn in Ecuador

Vocabulary

pants  el pantalón  (los pantalones)
shirt(s)  la camisa  (las camisas)
dress(es)  el vestido  (los vestidos)
skirt(s)  la falda  (las faldas)
hat(s)  el sombrero  (los sombreros)
shorts  el pantalón corto  (los pantalones cortos)
tie(s)  la corbata  (las corbatas)
shoes(s)  el zapato  (los zapatos)
sock(s)  el calcetín  (los calcetines)
sweater(s)  el suéter  (los suéteres)
T-shirt(s)  la camiseta  (las camisetas)
pajamas  el pijama  (los pijamas)
Culture

In Ecuador students wear uniforms to school every day. In the cities, most people wear the same kind of clothing as Americans. However in remote mountain towns, women can be seen wearing traditional types of clothing. In the lesson Señora Carnes’ sister wears a Saraguro Indian outfit. This outfit has a bright blue skirt and a white blouse which is worn with a necklace that has many rows of multi-colored beads. Since the mountains are cold, the women wear a black wool shawl and a white sombrero.

Before Viewing the Video Lesson

1. Review the vocabulary words from lesson 4 on the parts of the body. Students will need these words in today’s lesson. Review colors and numbers, as well as the words for man, woman, boy, girl.

2. What are your students wearing to school today? Tell the students that in today’s lesson they will learn the Spanish words for different items of clothing.

3. How many girls are wearing dresses, skirts, pants, or sweaters? How many boys are wearing pants, shirts, sweaters, jeans, or T-shirts? Is anyone wearing his or her pajamas? Is anyone wearing a hat? Count the number wearing these and make graphs on the board for boys and for girls.

5. Where did your students get their clothes? Talk about going shopping for clothes. In today’s lesson the students will see a clothing store. Ask them to watch for the things they would buy, if they went shopping. Avoid mixing languages.

Description of the Video Lesson

Robin comes in wearing a dressy outfit because she is going to have her picture made. She reviews people by identifying people in a drawing and telling their names. Señora Carnes talks to the children about what they are wearing. (Note: She uses lots of words in this sequence that your students will not recognize. Have them just listen to the words). Janna shows her shoes and Señora Carnes tells about her many, many different pairs of shoes and their colors, even purple.
Los colores  
morado, amarillo, azul, negro, blanco, café, verde, rojo, rosado, morado

In Ecuador’s large cities the people dress like the children in the lesson. In the mountains of Ecuador many people dress in traditional dress all of the time, not just for special days. Señora Carnes’ sister, Andrea, comes in and shows the children the traditional dress of the Saraguro Indians. She is wearing a blue skirt, rope sandals, a white blouse with many different colors of embroidery work around the neck, a black wool shawl since the mountains are cold, and a white hat.

Shopping  
shoes, socks, sweaters, pants, shirts, skirts, hats, dresses

Counting hats  
uno, dos, tres, cuatro, cinco, seis, siete, ocho, nueve, diez

Señora Carnes and the children play a game with clothes and the types of activities for which they are worn. After they look at the different types of clothes, she tells them what to find and were to put it: Ponte el sombrero en la mano, ponte el zapato en la cabeza.

Song  
The man wants a new tie (la corbata), the woman wants a new dress (el vestido), the boy wants new jeans (el jean or los jeans), the girl wants a skirt (la falda), a shirt (la camisa) and a hat (el sombrero), the baby wants to take off his shoes (los zapatos)

Los colores  
verde, rosado, amarillo, morado, blanco, azul, negro, café

los zapatos

el sombrero

Follow-up Activities

1. Use the First Step Español Again video lesson to review the emphasized vocabulary and conversations.
2. Hold up different items of clothing and ask the students for the correct vocabulary word. You may want to use real clothes, baby clothes, or doll clothes. You could even use a paper doll of a boy and a girl, as well as their clothes. Ask the question, “Que es?” as you hold up an item. They would answer, “Es ___”.

30
3. Play a game of who needs each item of clothing. Let the students tell you whether a man (el hombre), woman (la mujer), boy (el niño) or girl (la niña) would use the item.

4. After these follow-up activities, let students view the video lesson again so they can respond and practice with the children on the lesson.

**Supplemental Activities**

1. Play the game used in the lesson of putting a clothing item on a part of the body. Do some correctly and some silly as was done in the program.

2. If possible, invite natives of different countries to visit your class. Ask them to wear or tell about traditional dress in their country. If they know the significance of the style, colors, etc., ask them to explain this also. A local college may have an international students association that would be able to assist with this activity.

3. Ask the PE teacher to play races with clothes. Use the relay game idea of packing a suitcase and going on vacation. Put three oversize clothing items (shirt, shorts, hat) in each suitcase, put the suitcases at the starting point (home). Runners pick up the suitcase and run to the second point (vacation location). They open the suitcase, put the clothes on as the word is called out in Spanish, close the suitcase, run around the suitcase once, open the suitcase, take off the clothes (others could again call out the Spanish words), put the clothes back into the suitcase and return home with the suitcase. The next team member then does the same process until the entire team has gone on vacation.

Remember to use the vocabulary words in context as much as possible in class during the next week. Review as many words as possible from the first five lessons. Whenever there is a spare minute, even while waiting in line review vocabulary words in fun ways. Continue to add to the First Step Español suitcase folders.
Lesson 6

Visiting the Farm

Objectives
1. To learn words related to animals
2. To learn words related to the farm
3. To learn about animals in Spanish-speaking countries

Vocabulary

- animal(s) el animal (los animales) ---
- cat el gato (los gatos) la gata (las gatas)
- dog el perro (los perros) la perra (las perras)
- horse el caballo (los caballos) la yegua (las yeguas)
- cow la vaca (las vacas)
- hen la gallina (las gallinas)
- rooster el gallo (los gallos)
- pig el cerdo (los cerdos) la cerda (las cerdas)
- rabbit el conejo (los conejos) la coneja (las conejas)
- sheep la oveja (las ovejas)
- goat la cabra (las cabras)
- farm la granja
- barn el granero
- farmer el granjero (los granjeros) la granjera (las granjeras)
Culture

Even though animals make the same sounds around the world, the way people imitate those sounds is different. In English the sound a dog makes is called bow-wow, where in Spanish that sound is called guau-guau. In English a rooster says cock-a-doodle-do, where in Spanish it is kikiriki. In English a chicken says cluck-cluck where in Spanish that chicken says co-co-roco.

Information for the Teacher

Please note the difference in the vocabulary words for male and female animals, for example: el gato and la gata are both words for cat. Some animals have entirely different words for the male and female animal just as we do, for example: hen (la gallina) and rooster (el gallo).

Before Viewing the Video Lesson

1. Take a poll of the students as to the types of pets they have. Do a graph of this information on the board.

2. Depending on the location of your community, ask your students if they have ever visited a farm. What did they see there? What was different from their homes?

3. Tell the students that in today’s lesson they will learn the words for different pets and farm animals. They will also learn the sounds that these animals made. Do animals make different sounds in different countries or are the words for these sounds different?

Description of the Video Lesson

One of the girls brings her cat “Tink” to visit Señora Carnes who asks what color are the cat’s eyes (verde). The other children have a dog as a pet. Cat is el gato or la gata (Tink es la gata). Dog is el perro or la perra (Wishbone es el perro).

Count drawing of cats   uno, dos, tres, cuatro, cinco, seis, siete, ocho, nueve, diez

Los colores            rojo, amarillo, negro, blanco, rosado, verde, anaranjado, azul, gris, morado, café

They all go to the living room where a toy farm is sitting on the table. They learn the words for farm (la granja), barn (el granero) and farmer (el granjero). As they pull different stuffed animals from a basket, they learn the words for these animals (cow - la vaca, sheep - la oveja,
chicken - la gallina, pig - el cerdo, rabbit - el conejo, horse - el caballo) Where would all of these animals be found? In a house or in a barn?

Video trip to a farm children running, farmer riding his tractor,

geese, cows, sheep, goat, chickens, pony,

horse, barn, cat, cow, pig, and horse

Some children are pantomiming the sounds and motions of animals. As each one finishes his pantomime, other students guess the animal.

Song el caballo, la vaca, el cerdo

When we come back to the room, all of the children are asleep. Señora Carnes woke them up by holding up the toy rooster and making his sound. (See Culture about the sounds animals make)

Song el gato, la vaca, la oveja, la gallina, el caballo, el perro

In a classroom, an older student is reading a big book that the students wrote to some younger students.

el gato

el perro

el caballo

la vaca

el cerdo

el conejo

las ovejas

Follow-up Activities

1. Use the First Step Español Again video lesson to review the emphasized vocabulary and conversations.
2. Review vocabulary words related to animals. Use pictures, toys or stuffed animals to represent the vocabulary words. Encourage the use of “I like...”

3. Review vocabulary words related to the farm. A toy farm such as the one on the program could be used. Ask if the different animals would be found on a farm.

4. In the program some children are pantomiming the sounds and motions of animals. As each one finishes his pantomime, other students guess the animal. Let students do this game.

5. Using the pictures, toys or stuffed animals from activity #2, let students tell the color of each animal. For example: El conejo es blanco (the rabbit is white).

6. After these follow-up activities, let students view the video lesson again so they can respond and practice with the children on the lesson. Write sentences in Spanish.

**Supplemental Activities**

1. 2. This would be a good time to introduce a science unit on animals. All of these animals were pets or farm animals.

2. Let students make a collage of farm animals or a three-dimensional diorama showing where the farm animals live.

3. Ask the art teacher to let students make paper mache or clay animals. Be sure the students are able to tell the art teacher the name of their animal in Spanish.

4. There are songs about animals that could be done in music. “Señor Gato the Cat” is one that children enjoy that has a Spanish flavor to it.

Remember to use the vocabulary words as much as possible in class during the next week. Always review previous vocabulary words whenever possible. Continue to add the First Step Español suitcase folders.
Lesson 7

Visiting the School

Objectives

1. To learn words related to school

2. To learn words for school supplies

3. To learn about school in a Spanish-speaking country

Vocabulary

- school: la escuela
- crayon(s): la crayola (las crayolas)
- glue: la goma
- paper(s): el papel (los papeles)
- flag(s): la bandera (las banderas)
- book(s): el libro (los libros)
- scissors: la tijera (las tijeras)
- pencil(s): el lápiz (los lápices)
- ruler(s): la regla (las reglas)
- map(s): el mapa (los mapas)
- blackboard(s): la pizarra (las pizarras)
- student(s): el estudiante (los estudiantes) la estudiante (las estudiantes)
- teacher: el maestro (los maestros) la maestra (las maestras)
- chair(s): la silla (las sillas)
table(s)  la mesa  (las mesas)
backpack(s)  la mochila  (las mochilas)

Culture

In Spain school starts early in the morning and ends around 5 p.m. There is a long break for lunch from 1:00 p.m. to 3:00 p.m. and students go home to eat. They have two or three weeks of vacation at Christmas and one week at Easter. They normally have 2 1/2 months off from school in the summer. In June, the schools shut at lunch time because it is too hot in the afternoon for classes. All children between the ages of 6 and 16 must go to school at either a school that is run by the government or to a private school.

In Ecuador, as in many other countries, students wear uniforms to school at schools run by the government as well as at private schools. Everyone that can afford to goes to a private school.

Before Viewing the Video Lesson

1. Tell your students to watch and listen carefully as you get out a book bag and put ten different school supply items in the book bag. Tell them the name of the item as you put it in the book bag. Use the following items (colors can be changed or not used if this is too much for your students to remember) a yellow pencil, a purple crayon, white paper, a green book, scissors, a brown ruler, a pink eraser, white glue, a flag and a map. Close the book bag and put it on the table. Ask the students to number 1 through 10 on a piece of paper and to write all the items that you put into the book bag. Give them an appropriate amount of time to do so then pull out the items one by one and check the lists.

2. Tell them that in today’s lesson they will be learning words related to school. Do they think the items they used will be seen in the program? Ask them to watch for these items.

3. What do they think school would be like in a Spanish-speaking country? Tell them that school in Spain is very different from school in some South American countries. Ask them to listen as Señora Carnes tells about school in Ecuador.

4. Discuss uniforms at schools especially if your students do not wear uniforms. Do they think it would be a good idea or not? If this is a controversial issue in your community, you may want to avoid this discussion.
Description of the Video Lesson

The children come in from school with their book bags. They are all tired and just sit down. Señora Carnes talks to them about school in Ecuador and shows them a school uniform. She pretends that she is a very strict teacher as is most teachers in South America. The students should stand to attention when she comes in. She tells them:

Atención clase! Párense! - Attention class! Stand up!

Siéntense! - Sit down!

Escuchen! - Listen!

Silencio! - Silence!

Levanten la mano! - Raise your hand!

Count books uno, dos, tres, cuatro, cinco, seis, siete, ocho, nueve, diez

Señora Carnes shows a book bag from Ecuador which is very colorful. They show her things in their book bag and she tells them the name of the item (el lápiz - pencil, el borrador - eraser, la regla - ruler, la crayola - crayon). She calls out something and they look for it. Then she tells them an action and asks if you use this item or that item to do the action.

¿Con qué dibujo, con el lápiz o con la regla? (What do I draw with? A pencil or a ruler?)

¿Con qué pinto, con los crayones o con el borrador? (What do I color with? Crayons or an eraser?)

¿Con qué mido, con la regla o con el lápiz? (What do I measure with? A ruler or a pencil?)

¿Con qué borro, con los crayones o con el borrador? (What do I erase with? A crayon or an eraser?)

They talk about scissors and cutting paper, then they play the scissors cut paper, rock breaks scissors, and paper covers rock hand game. “Piedra, papel tijera, uno, dos, tres.”

The school day activities

Beginning with a school bus arriving at school, we see students going to class, eating lunch and doing school work.
Review

la bandera, la pizarra, el mapa, el libro, el papel,

el lápiz, las tijeras, las crayolas, las reglas

Señora Carnes uses a blackboard (la pizarra) and asks the students to draw a cat (dibuje un gato), erase the nose (borre la nariz del gato con el borrador), color the eyes (pinte los ojos del gato verde con la crayolas), and measure the face (mide el gato con la regla).

Song

At school with el estudiante-student, la maestra-teacher,

el lápiz-pencil, la escuela-school, las sillas - chairs

Señora Carnes shows them the flag of Ecuador and they name the colors. Then they use a large drawn map of South America with school items in each country. She asks in what country is _____?

Count school supplies - uno, dos, tres, cuatro, cinco, seis, siete, ocho, nueve, diez

el libro

el mapa

Follow-up Activities

1. Use the First Step Español Again video lesson to review the emphasized vocabulary.
2. Review the vocabulary words related to school and school supplies. Hold up different items and ask ¿Qué es? (What is this?) The students would answer Es _____ (It is ____). If plural, ask ¿Qué son? (What are these?) The students would answer Son _____.
3. Use the book bag and items from introductory activity # 1 again. Pull one item out at a time and ask for the Spanish word. Count the items. Encourage expressions like “I have” or “There is”.
4. Do the activity that Señora Carnes did with the students as to what do you use to erase, measure, write, color, etc. You can just do the activity rather than using the verbs to describe the activity.
5. Play a game with the school supplies from the vocabulary list (like putting them in a bag where students can’t see them). Without looking at the item, the student must identify it just by feeling it and then tell the Spanish word for the item. Practice expressions like “I have a ____.”
6. After these follow-up activities, let students view the video lesson again so they can respond and practice with the children in the lesson.

**Supplemental Activities**

1. Make a large map of South America drawing only the country outlines. Do the activity that Señora Carnes did in the lesson using the map. Where is the ____ and the students name the country it is in?

2. Play the rock/scissors/paper game that was done in the lesson. Piedra, papel tijera, uno, dos, tres.

3. Make flags of the different Spanish-speaking countries. Display them in the classroom with a map of the country.

4. Label all possible items in the classroom with the Spanish word.

5. If your school does not require uniforms, have a uniform day in your class. Ask all students to wear the same or similar clothes. Discuss what this feels like, using expressions “I like...” or “I don’t like.”

**Remember to use the vocabulary words in context as much as possible in class during the next week. This should be especially easy since there are words related to school and school supplies. Continue to add to the First Step Español suitcase folder.**

Lesson 8

Walking through the Community

Objectives

1. To learn words related to towns and buildings in the town

2. To learn about the stores and shops in Spanish towns

3. To learn about Spanish towns

Vocabulary

school la escuela  (las escuelas)
restaurant el restaurante  (los restaurantes)
store la tienda  (las tiendas)
cinema el cine  (los cines)
bookstore la librería  (las librerías)
library la biblioteca  (las bibliotecas)

bank el banco  (los bancos)
post office  el correo
bakery  la pastelería  (las pastelerías)
letter  la carta
money  el dinero
house  la casa  (las casas)
market  el mercado  (los mercados)

**Culture**

Many smaller Spanish towns and villages are built around a square (la plaza). The church is usually on the square as is the town hall and shops. The church is very important in the life of the people, therefore, it has a prominent place on the square. There are shops where the people can buy the things they need. There is usually a supermarket as well as markets where fresh fruits and vegetables are sold. There is a bakery and a pastry shop and sometimes even a meat market.

In Latin America people can buy groceries either at the supermarkets, which are almost identical to American supermarkets or at the outdoor markets which are like farmer’s markets in the United States. Most outdoor markets are run by native people, who are sometimes called Indians. The majority of the people shop at the open air markets in Latin America. Only people with money shop at the supermarkets.

**Information for the Teacher**

One major difference in language to point out to the students is that la librería is the Spanish word for bookstore. The Spanish word for library is la biblioteca. This seems opposite to the English words and can cause confusion.

**Before Viewing the Video Lesson**

1. Review previous vocabulary words. In this lesson the words learned relate to food, clothing and counting and they will be used in context.

2. Talk about the stores and buildings in your community. Do you live in a large city or a smaller town? Even if you live in a large city there are probably many different stores and
service buildings that are located in your neighborhood. Use a smaller area as the “town” you discuss. What types of building are found in your “town”? Why are they located where they are? Are they convenient to where the people live? Can people get all the things they need near their homes?

3. Tell the students that in this lesson they will see the types of building in a smaller Spanish town. They will learn the words for these buildings and their purpose. Listen for familiar sounding words and see if they mean what we think they should mean.

4. Show some money from a Spanish-speaking country. You can get international money through banks in the United States. You can also buy play money from foreign language educational supply stores. Discuss the differences in the foreign currency and the American currency as to size, color, etc. If you live near a major airport, you may be able to get foreign currency at the money exchange counter.

5. Talk about the differences between grocery shopping in Latin America and in the United States.

6. Listen to the audio cassette tape of lesson 8 vocabulary words. Explain that some of these are the same words they used in activity #2. You may choose to give the students a copy of this lesson’s vocabulary words found at the back of the teacher’s guide.

Description of the Video Lesson

Señora Carnes shows the children a letter from her mother in Ecuador. She has a drawing of her town that she uses to show the children the different buildings in her town. Her mother had to go to the post office (el correo) to mail the letter. The town is built around a town square and the church (la iglesia) is at the center of the square. The church has a large bell rings when there are services in the church. The flag is seen at the school (la escuela). There is a library (la biblioteca) with lots of books, a hospital (el hospital) and a bank (el banco) that has lots of money. One child asks in English the question “what is?” and Señora Carnes corrects her with the Spanish “¿Qué es?”

Count money
uno, dos, tres, cuatro, cinco, seis, siete, ocho, nueve, diez
diez, nueve, ocho, siete, seis, cinco, cuatro, tres, dos, uno

The children have some money. When you are hungry, where do you go? If you want coffee to drink, you would go to the coffee shop (el café); if you want a meal, you would go to a
restaurant (el restaurante); but if you want a pastry, you would go to the bakery (la pastelería). Señora Carnes asks the children what they want to buy and then she tells them where they would buy it.

Where would you go if you wanted to buy clothes (la ropa)?...la tienda

Where would you go if you wanted to buy books (libros)?...la librería (You **borrow** books from la biblioteca and you **buy** books at la librería)

Where would you go if you wanted a banana?...el supermercado o el mercado (At el supermercado you usually buy all types of food as well as cleansers, packaged foods, etc., you only buy fresh food like fruits and vegetables from el mercado).

Through the community: bakery, shoe shop, florist, restaurant, library, bank, toy store, card shop, hotel, hospital, fire station, police department

Señora Carnes asks the children if they would like to go to the cinema (el cine) or to the museum (el museo). Jenny chooses the popcorn to represent the cinema and Emily chooses the pottery to represent the museum. Brian is bending over and grabbing his stomach. Emily goes to get medicine as if from the pharmacy (la farmacia) and gives it to Brian who gets better quickly and wants to go to the bakery (la pastelería).

**SONG**

Walking through the community: el cine, el café, la farmacia, el banco, la biblioteca, la iglesia, la escuela, el museo.

Follow-up Activities

1. Use the First Step Español Again video lesson to review the emphasized vocabulary and conversations.
2. Review the vocabulary words related to the shops and buildings in a Spanish town. Ask questions about these stores and what is sold at each.
3. Draw a map of your community or of a small Spanish town. Label the buildings with the Spanish words. This would be a good opportunity to review map making skills while reviewing the vocabulary.
4. Count money as was done in the program. Use Spanish play money that you purchase or draw and copy for students to use. Use this money to purchase objects from imaginary stores.
5. After these follow-up activities, let students view the video lesson again so they can respond and practice with the children on the lesson.

Supplemental Activities

1. Build a Spanish village using boxes or draw the buildings and tape the papers together to form the village. Several students could work together and be responsible for the different buildings. One group could create the town square and another group could lay out the roads in the towns and get things ready for the buildings. Once this village is completed, let students give tours of the town to each other or to other classes. Let them pretend that they are tour guides for the town hall and are showing tourists around their town.

2. The lesson began with Señora Carnes showing a letter from her mother in Ecuador. Let students pretend they are writing a letter telling about a shopping trip which they are planning. Tie this activity into a language arts activity on writing letters.

3. Learn Spanish dances. The PE or Music teachers may be able to help with this activity. Spanish music is available at music stores and other stores that sell video tapes.

Remember to use the vocabulary words in context as much as possible in class during the next week. Add words and materials to the First Step Español suitcase folder.
Lesson 9

Celebrating Holidays

Objectives

1. To learn the days of the week
2. To learn the different seasons and the weather during those seasons
3. To learn about the difference in the calendar and the seasons in South America
4. To learn about celebrations and holidays

In South America, Christmas is celebrated in similar ways as it is in the United States. On December 24 the family gathers together and decorates a tree. That evening around 7:00 p.m. the family has a big meal together with lots and lots of food. The typical Christmas meal in Ecuador consists of roasted turkey, stuffing, rice, potato salad and fruit cake. After the meal the children put their shoes under the tree and go to sleep. Papá Noel comes and brings presents which he puts on the shoes. When the children wake up the next morning on Christmas Day, they all shout Feliz Navidad!

Information for the Teacher

Monday is the first day of the week in many other countries around the world. Their calendars begin with Monday as the first day. This is true in Spanish-speaking countries.

Before Viewing the Video Lesson

1. Ask your students what day is today? Ask them to name the days of the week. What day do they begin with when they are reciting the days of the week? Tell them that in today’s lesson they will learn the days of the week in Spanish. Ask them to listen carefully for something different about the days of the week besides their names. (Note: Monday is the first day of the week on the Spanish calendar.)
2. Ask your students to name the seasons of the year. What season are you in now? Write the names of the seasons on the board and ask students to tell you one word that they think of when they think about each season. List these also.

3. Talk about holidays that are celebrated in your community. Some are celebrated all over the world, some are just celebrated in the United States, and some may just be celebrated in your community. Tell which holidays would fall in each of the above categories and why?

Description of the Video Lesson

Señora Carnes greets the children at the door. Emily is happy because she is going on vacation. When she is asked when they are going, Emily says they are going on Friday (Viernes). Señora Carnes gets the calendar and shows them the days of the week (lunes, martes, miércoles, jueves, viernes, sábado, domingo). She explains that Monday is the first day of the week in Spanish-speaking countries and is therefore the first day on the calendar.

She then asks the children what is their favorite day of the week. Brian says Saturday (sábado) since there is no school. Grayson says Wednesday (miércoles) since he likes school. Monica says Tuesday (martes) because of soccer, and Emily says Friday (viernes) since that is when she is going on vacation. Señora Carnes says her favorite day is Monday (lunes) since Lauren was born on Monday.

Song

Days of the week, What day were you born? What is your favorite day?

The children have drawn pictures of the different seasons. They talk about their favorite season, what happens during that season, and what the weather is like then. Emily’s favorite season is summer (el verano) because you can go swimming and on vacation. In summer the weather is hot (hace calor). Brian’s favorite season is winter (el invierno) because he likes snow and building snowmen. In winter the weather is cold (hace frío). Señora Carnes explains that when it is summer in North America, it is winter in South America because of the way the sun reaches the different hemispheres. Grayson’s favorite season is fall (el otoño) and in her picture she has drawn different colors of leaves. The weather in the fall is windy so that it blows the leaves off the trees. Monica’s favorite season is spring (la primavera) because of the flowers. In spring it’s rainy (llueve) to make the flowers grow.

Review

la primavera, el verano, el otoño, el invierno
Señora Carnes asks about the weather during the different seasons and then talks about the kinds of clothes that are worn in each season. Each of the children has appropriate clothes on for his or her favorite season and models the clothes as he or she tells about the season. This is a review of clothing from lesson #5.

Holidays in North America
Christmas, Valentines Day, Easter, the Fourth of July, Halloween and Thanksgiving

Señora Carnes tells the children about the celebration of Christmas in South America. All of the family gathers together on December 24 (Nochebuena el 24 de Diciembre) and puts up a tree and decorates it. Around 7:00 p.m. there is a big meal with lots and lots of food. The children put their shoes under the tree and go to sleep. Papa Noel comes and brings presents which he puts on the shoes. When the children wake up the next morning on Christmas Day, they all shout Feliz Navidad!

Follow-up Activities

1. Use the First Step Español Again video lesson to review the emphasized vocabulary.
2. Review the vocabulary words for the days of the week. The students should learn the names of the days of the week in Spanish and use them as much as possible in context.
3. Talk about the Spanish calendar and emphasize that Monday is the first day of the week. Make a calendar with Monday as the first day and use it in class all week. Let them write their homework assignments on a calendar with the Spanish names for the days. They can then show off their new vocabulary at home.
4. In the lesson Señora Carnes asked the children what is their favorite season. Ask your students the same question in Spanish and let them write simple sentences in Spanish about their favorite seasons and then illustrate them.
5. Compare the celebration of Christmas in South America to the celebration of this holiday in the United States. Your students may have different ways they celebrate the holiday based on their family’s nationality, religion, and traditions.

6. After these follow-up activities, let students view the video lesson again so they can respond and practice with the children on the lesson.

**Supplemental Activities**

1. Do a weather chart and track the weather on one of the calendars made as a part of follow-up activity #4. Begin a science unit on weather or seasons.

2. Discuss why the seasons would be different in South America and North America. Use a globe and shine a flashlight on the earth so that North America gets the most light. Tell the students to pretend that the flashlight is the sun therefore what season would it be in North America and why? If North America was hot from the sunlight, what would South America be like? Since there is less sun then South America would be colder and what would the season be there? Use the word hemispheres to discuss the differences in these areas. Reverse the angle of the sun and ask the questions again.

3. How are holidays celebrated around the world? Let your students do research in the media center. Ask parents or natives of other countries to visit the class to tell about their special holidays. Have some of these celebrations if possible.

4. In one of the lesson’s songs, a child’s favorite day was the day he/she was born. Ask the students on what day were they born?. They will probably have to ask or you can provide a multiyear calendar or calendars for the years that your students would have been born so they can look up the day of the week. Read the poem “Monday’s Child” to the students after they have found the day of the week on which they were born. Do any of the things fit your students or is it just a nice poem?

5. Ask the music teacher to teach the students the song “Feliz Navidad” by José Feliciano. Sing it together.

*Remember to use the vocabulary words as much as possible in class during the next week. This should be especially easy since the words relate to the days of the week. Every morning ask the students in Spanish what day is today (Qué día es hoy?) and they should answer with Hoy es el __________.*
Lesson 10

A Birthday Picnic

Soccer is the most important sport in Spanish-speaking countries. It could be considered the national game, just like baseball is in the United States. The World Cup and other international soccer matches are major sources of national loyalty throughout the world. Soccer players are considered role models and heroes just as sports figures are in this country. However, in Dominican Republic and Cuba, baseball is the most popular sport. Most of the baseball players with Spanish names playing in the major and minor leagues come from these countries.

The piñata is a traditional party favor in Mexico and South America. The piñata is made of wrapped paper and is colorfully decorated to resemble an animal or other design. The inside is hollow so candy and small toys can be added. The children take turns trying to hit the piñata and break it. Since they are blindfolded and turned around several times before they start hitting at the piñata, it is fun to watch them try to find the piñata. Usually the piñata is tied to a rope and can be raised and lowered by an adult while the children are playing. When the piñata breaks, everyone scrambles to get the candy. The original piñatas were made out of clay. Even today, there are many towns in Mexico where they still use clay piñatas.

The Spanish word for soccer is el fútbol. Students may be confused since it is so similar for our word football. Football, as we know it, is called el fútbol americano.

Before Viewing the Video Lesson

1. Tell the students that this is the last program in the First Step Español series. Review with them the things they have learned this year. Use the First Step Español suitcase folder for this review. The students will probably be very surprised at all they have learned.
2. Ask the students how old they are. What do they think would be the ideal birthday party? Tell them that in today’s lesson it is Grayson’s birthday and her friends are giving her a surprise birthday picnic in Señora Carnes’ living room. Ask the students to listen for birthday words.

3. What are your students’ favorite sports? Do a poll and create a graph on the board. Leave this up for a follow-up activity.

Description of the Video Lesson

Today is Grayson’s birthday and Señora Carnes is making her a birthday cake. The other children are helping, but Kevin is trying to eat the icing. They talk about how old Grayson will be. Señora Carnes asks the other children how old they are (¿Cuántos años tienes?) They reply by saying I am ____ years old (Tengo años). The other children are all ten years old and they ask Señora Carnes how old she is. She tries 10 plus 10 plus 10, then says it is a secret.

Children answering the question: How old are you?

Kevin has the idea to have a birthday picnic in the park for Grayson’s party but they decide to fix up the living room as if it was the park and have the picnic there. They put a blanket on the floor, have gifts and balloons, and even make a tree to put in the park. When Grayson comes in they all hide and say ¡Sorpresa! Feliz Cumpleaños. Grayson is surprised especially at the idea of a picnic. They put ten candles on the birthday cake and light them. They all sing, and Señora Carnes tells Grayson to close her eyes and make a wish, then open her eyes and blow out the candles.

Bikes are everywhere la bicicleta and el triciclo

They are eating cake and then they give Grayson her presents. She gets some chocolates, a book and pencil, a china dog, and some flowers. Then Señora Carnes tells them that they have to have a piñata at a birthday party. Everyone is very excited and tries to break the piñata.

In the park Families have fun together: flying kites, playing Frisbee, playing, running and rolling in the grass

After the picnic Señora Carnes asks the children what are their favorite sports. They like riding bikes, basketball, baseball, American football, and soccer. She explains that soccer is called el fútbol in Spanish-speaking countries and that football as we know it is called el fútbol.
americano. Soccer is extremely popular in South American countries. The children get up and play soccer. Emily makes a goal and says Gol, Sí Gol.

Follow-up Activities

1. Use the First Step Español Again video lesson to review the emphasized vocabulary and conversations.

3. Who had a birthday party in the program? What kind of party was it? Review the words related to a birthday party. Feliz Cumpleaños is Happy Birthday in Spanish.

4. Discuss in Spanish the words related to sports by using different types of balls. Refer back to the graph made before viewing the program and change the sports names to Spanish names for those sports.

5. After these follow-up activities, let students view the video lesson again so they can respond and practice with the children on the lesson.

Supplemental Activities

1. In PE play the different sports learned in the program. Ask the PE teacher to explain the differences in sports in the United States and in other countries of the world.

2. Invite a high school soccer coach to your class to explain the popularity of soccer throughout the world. Ask them to talk about some of the players who are known the world over. Why would soccer be so popular in other countries and just growing in popularity here?
3. In music sing the Happy Birthday song as it is done in Spanish-speaking countries. Listen to Spanish music and talk about the rhythm and the types of instruments used.

4. Have a party to celebrate learning Spanish. Use a piñata as a part of the celebration. It may be best to hang the piñata from a basketball goal in the gym and let someone raise and lower it as students hit at it. This would make the activity last longer and hopefully give everyone a chance before the piñata is broken. Have Spanish foods as part of the celebration and afterwards play a game of soccer.
