Video 15: Kudzu Basket – E. Adding A Vine

So now I'm at the end of this vine. So, what I'm going to do is kind of hide this vine. What you do is tuck in there, then just tuck it in there. Then you take the top vine and tuck it in there. Tuck it in. This is where you use the old screw driver. Just tuck it in. See now, see now, already start my basket to make shape. See its shaping up right now. See? So now I get another piece and continue from there. (Jimmie works away at the basket... sounds of his hands and the vines... together.)
