### 1. "I'm Getting Tired Now" (03:06)

Drink Small: I'm gettin' tired now,  
I've been playing that guitar for a long time.  
Whoaaaaa gettin' tired now.  
I've been playing the blues for a mighty long time yeah.  
If I don't make it this year,  
I'm coming back to South Carolina and sittin' on my behind  
I started to play my guitar,  
When I was a little bitty boy.  
I was foolin' around a guitar with all my friends,  
But [????].  
I'm getting tired now.  
I've been playing the blues for a long, long time.  
<Camera zooms in on Small's hand working the frets>  
If I don't make it this year baby,  
<Camera pans back to Small's face>  
I'm going back to South Carolina and sittin' on my behind.  
I have record a lot of albums,  
Trying to get a national attention.  
But it looks like I might be an old man  
Livin' on a [????].  
I'm gettin' tired.  
I've been playing the blues for a longgg time.  
If I don't make it baby  
I'm going back to South Carolina and sittin' on my behind.  
I've been playing the blues

I've played the blues everywhere...
