### 1. Sally Goodin (00:30)

*This song is solely instrumental.*

### 2. Shackles and Chains (00:30)

*<Applause>*

**Lead Singer:** On a long lonesome journey, I'm going.

Oh darling please don't you cry.

Oh in shackles and chains they will take me,

To that prison to live until I die.

**Lead and Backup Singers:** And at night through the bars...

*<Audio fades out>*

### 3. We'll Meet Again Sweetheart (00:32)

**Lead Singer:** Each night down on my knees I pray.

Sweetheart we'll meet again someday.

**Lead and Backup Singers:** Someday we'll meet again sweetheart.

We'll meet and never torn apart.

Someday we'll meet again sweetheart.

Don't try, oh please, to break my heart.

Don't try, oh please, to break my heart.

*<Applause>*

### 4. Sleep With One Eye Open (00:35)

**Lead Singer:** I just found out today,

That little game you play.

I've been sleeping my whole life away.

You've been [a'steppin'] so they say,  
Between midnight and day.  
So Im'a gonna sleep with one eye open from now on.  
From now on-

**Backup Singer:** -From now on

**Lead Singer:** All night long-

**Backup Singer:** -All night long.

**Lead and backup singers:** You wont have a chance to treat your daddy wrong...

*<Audio fades out>*

### **5. Singing Waterfall (00:30)**

**Backup Singer:** There's a singing waterfall

In the mountains far away.

That's where I long to be,

At the close of every day.

That's where my sweetheart's sleeping,

Beneath the cold, cold clay.

I often sit and wonder

Why the lord took him away.

### **6. Lee Highway (00:25)**
