

The Simple Four – Research Steps

Step 1: PLAN:

What information do I need to answer my question?

Step 2: ACT: Students should ask themselves such questions as:

Where can I find the information?

Step 3: ORGANIZE: Students should ask themselves such questions as:

How can I put my information together to show that I answered my question?

Step 4: REFLECT: Students should ask themselves such questions as:

How will I know if I answered my question?
